

INSPIRE YOUR LITTLE CHEF BY MAKING CAKE POPS

1. Bake boxed cake mix according to package instructions. Let cool completely.
2. Crumble cake and stir in $\frac{3}{4}$ to 1 cup frosting, until you get a consistency that sticks together well.
3. Roll into about quarter size balls and place on a wax paper-lined baking sheet and insert sticks into cake balls. Refrigerate for about 30 minutes.
4. Melt chocolate and dip the cake balls in, covering them completely. Top with sprinkles if desired.
